

Provide Your Four-Legged Customers Quality and Value at a Price Your Pet Parents Can Afford!

Dear Valued Customer,

We are excited to introduce Healthy Tracks for Pets™ ancillary products and Test Buddy™ Pet-Monitoring Blood Glucose System brought to you by Trividia Health, a leading developer and manufacturer in the Diabetes Category with over 30 years of experience.

Our portfolio features high quality¹, affordable products specially designed for dogs and cats with diabetes. **Healthy Products from Nose to Tail!™**

The Test Buddy™ Pet-Monitoring Blood Glucose System was developed with a specific chemistry and unique algorithm for pet parents to track and monitor their pet's blood glucose levels confidently. Healthy Tracks for Pets™ ancillary portfolio includes insulin syringes, lancing device and lancets.

The enclosed will familiarize you with the features and benefits of the Test Buddy™ System and Healthy Tracks for Pets™ portfolio, so that you can begin to confidently recommend these new and advanced products to your pet parents for their dogs and cats with diabetes.

To learn more about Test Buddy™ and Healthy Tracks for Pets™ portfolio visit www.healthy-tracks.com or contact your Trividia Health, Inc. Account Manager at 1-800-877-6161.

Available through your preferred wholesaler or online store, order today!
